

Installation Specifications

CSI – 3 Part Spec available at www.CORONADO.com/ArchitecturalResources

Choices Specific to River Rock

- Standard Colors:** Reno Blend, Sienna Brown. Custom colors may be available for an upcharge.
- Grout Joint Width:** Standard ½" Average Grout Joint or Drystack
- Grouting Options:** Deep Raked or Drystack
- Grout Joint Color:** Natural Grey, Natural Off-White or Complementary Color
- Accessories:** Corners, Complementary Tiles, Wall Caps, Post Caps and more. (See Accessories section of binder)

Special Installation Notes

- Pattern:** Blend the stone on the wall from several different boxes to ensure proper color and size variation. **See catalog photos for recommended installation pattern.**
- Grout Joints:** Standard ½" grout joint. Stone should be installed as close as possible, stacked in some cases. However, the taper on the side of the stone will cause the grout joint to appear wider after grouting.
- Sealing:** Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.
- Freeze-Thaw:** When installing stone in a freeze-thaw environment, extra care should be taken to ensure a full coverage of mortar on the back of each stone, which will prevent water pooling behind the stone after it has been installed.
- Drystack:** A polymer-modified mortar should be used for all drystack applications.
- Installation Info:** Download Coronado's latest installation instructions at www.coronado.com for information on mortar and installation recommendations.

Profile Properties

- Size:** **Standard:** 2" to 10". Corner returns range from 3½" to 10" (nominal).
- Thickness:** **Standard:** ¾" to 2½" (nominal).
- Weight:** 7 to 10 lbs. per square foot.
- Packaging:** **Standard:** Available in big boxes (100 sq ft Flats or 100 ln ft Corners) or Dura-Paks (12.5 sq ft Flats or 12.5 ln ft Corners). **When purchasing River Rock, coverage is based on installation with a ½" joint at the back of the stone.** (Note: Square Footage and Linear Footage quantities may vary per region)
