Roman Brick

CORONADO®
STONE PRODUCTS

Installation Specifications

At **www.CORONADO.com** product specifications can be downloaded in CSI format.

Choices Specific to Roman Brick

Standard Colors: Mezzano, Sorano or Any Custom Color

Grout Joint Width: ½" Grout Joint

Grouting Options: Deep Raked, Full Brushed or Full Tooled

Grout Joint Color: Natural Grey, Natural Off-White or Complementary Color

Accessories: Corners, Complementary Tiles, Wall Caps and more. (See Accessories section of binder)

Special Installation Notes

Pattern: Do not install bricks vertically. Blend the bricks on the wall from several different boxes to ensure proper color and size variation. See catalog photos for recommended installation pattern.

Chalk Lines: Should be used by installer to ensure a straight and level pattern.

Sealing: Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.

Freeze-Thaw: When installing stone in a freeze-thaw environment, extra care should be taken to ensure a full coverage of mortar on the back of each stone, which will prevent water pooling behind the stone after it's been installed.

Installation Info: Download Coronado's latest installation instructions at www.coronado.com for information on mortar and installation recommendations.

Profile Properties

Size: Brick size is 2¼" (±¹⁄₁₆") in height and 10" (±⅛") in length (nominal).

Thickness: ⅝" (±¹⁄₁₆")

Weight: 4 to 6 lbs. per square foot.

Packaging: Available in a brick box (13 sq ft Flats & 13 lft Corners). **When purchasing Roman Brick, coverage is based on installation with a ½" joint.**

½" Smooth Tooled Grout Joint

½" Smooth Brushed Grout Joint
