DESERT RIDGE

Installation Specifications

At www.CORONADO.com product specifications can be downloaded in CSI format.

Choices Specific to Desert Ridge

Standard Colors: Foxhill Blend, Coal Canyon. Custom colors may be available for an upcharge.

Grout Joint Width: 1/2" Grout Joint or Drystacked

Grouting Options: Deep Raked, Drystacked, Full Brushed or Full Tooled
Grout Joint Color: Natural Grey, Natural Off-White or Complementary Color

Accessories: Corners, Complementary Tiles, Wall Caps, Post Caps and more. (See Accessories section of binder)

Special Installation Notes

Pattern: Install stone in an ashlar pattern. Do not install stones vertically. Blend the stone on the wall from several different

boxes to ensure proper color and size variation. See catalog photos for recommended installation pattern.

Chalk Lines: Should be used by installer to ensure a straight and level pattern.

Vertical Joints: Should be no higher than 8" on average or one large stone.

Horizontal Joints: Should not exceed 6' to 8'.

Sealing: Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we

suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.

Freeze-Thaw: When installing stone in a freeze-thaw environment, extra care should be taken to ensure a full coverage of mortar

on the back of each stone, which will prevent water pooling behind the stone after it's been installed.

Drystacked: A polymer modified mortar should be used for all drystacked applications.

Installation Info: Download Coronado's latest installation instructions at www.coronado.com for information on mortar and

installation recommendations.

Profile Properties

Size: 1" to 12" in height and up to 32" in length (nominal).

Thickness: 1" to 2½"

Weight: 7 to 10 lbs. per square foot.

Packaging: Available in big boxes (90 sq ft Flats or 80 ln ft Corners) or Dura-Paks (Weathered Edge DP Flats or Corners

Supplemented). When purchasing Desert Ridge, coverage is based on installation with tightly-fitted joints.
